AcerPower 1000

acer
Empowering People

Space-saving performance

Designed for today's digital office, the AcerPower 1000 delivers energy-efficient performance and whisper-quiet operation in a space-saving form factor that's up to 10 times smaller than a traditional PC tower. Its slimmed-down form factor permits huge space savings, enabling the AcerPower 1000 to fit well in any living area.

Only 3 liters in volume, the new AcerPower 1000 form factor achieves the perfect balance between size, performance, acoustics and cost.

AcerPower 1000

Ergonomic stylish design

- With physical volume of just 3 liters, the AcerPower 1000 is one-tenth the size of typical tower desktops.
- Almost-silent operation is conducive to a productive work environment (26 dB — better than industry standards).

Effective performance

- A selection of AMD processors provides multiple options for balancing performance and value.
- The integrated NVIDIA® GeForce® 6150 renders 3D graphics with ease while PureVideo™ technology improves the quality of 2D video playback.
- Up to 400 GB SATA 3 Gb/s hard disk drive provides ample storage space and a marked improvement in data access speed, eliminating the performance bottlenecks associated with previous mini PCs.

Easy manageability

- Acer Empowering Technology supports new and improved features to dynamically enhance system performance, reduce noise, protect data, keep the user in control, and make disaster recovery easy.

AcerPower 1000 Specifications

Acer recommends Windows® XP Professional.

Operating system[1]	Windows Vista™ Capable[2] Genuine Windows® XP Home Edition (Service Pack 2) Genuine Windows® XP Professional (Service Pack 2) Linpus™ Linux console/X-Windows version

System compliance	PC 2001, ENERGY STAR®		
Certification	CE, FCC, BSMI, CCC, UL, CB, Nemko, C-tick		

AP1000.D1E/AUG.'06

1. Specifications vary depending on model.
2. Not all Windows Vista™ features are available for use on all Windows Vista™ Capable PCs. All Windows Vista™ Capable PCs will run the core experiences of Windows Vista™, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista™ -- like the new Windows® Aero™ user interface -- require advanced or additional hardware. Check www.windowsvista.com/getready for details.

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region.

About Acer

Acer ranks as the world's No. 4 branded PC vendor, designing easy, dependable IT solutions that empower people to reach their goals and enhance their life. Since spinning-off its manufacturing operation, Acer has focused on globally marketing its brand-name products: mobile and desktop PCs, servers and storage, LCD monitors and high-definition TVs, peripherals, and e-business solutions for business, government, education, and home users. Acer's unique Channel Business Model has been instrumental in the company's latest success. The model encourages partners and suppliers to collaborate in a winning formula of supply-chain management, allowing Acer to provide customers with fresh technologies, competitive pricing, and quality service. Established in 1976, Acer Inc. employs 5,600 people supporting dealers and distributors in more than 100 countries. Revenues in 2005 reached US$9.7 billion. Please visit www.acer.com.
